

All Eyes On Me

*I am please to present my entry into this year's
Lillian Frank Millinery Award*

*For many years across the nation on any given weekend,
the racing industry has provided opportunity for fashion
lovers to walk the catwalk in carefully considered race wear
with the hope to be chosen as the best dressed of the day.*

*My head piece "All eyes on me" is a tribute to the
fashion on the field devotees.
It takes courage to take the stage and the featured
masquerade masks, represent the hiding of the nerves
that I am sure most competitors have.*

*I hope you enjoy my piece as much as I enjoyed creating it
and presenting it to you.
I wish all competitors the best of luck and I hope the
Carnival is a success for Sponsors, Punters
and of course The Fashionistas.*

My passion for millinery is a natural extension of my fashion and theatrical background with the Australian Ballet Company and the love of stitching passed on to me from my loving mother.
